

UN LABORATORI TECNOLÒGIC

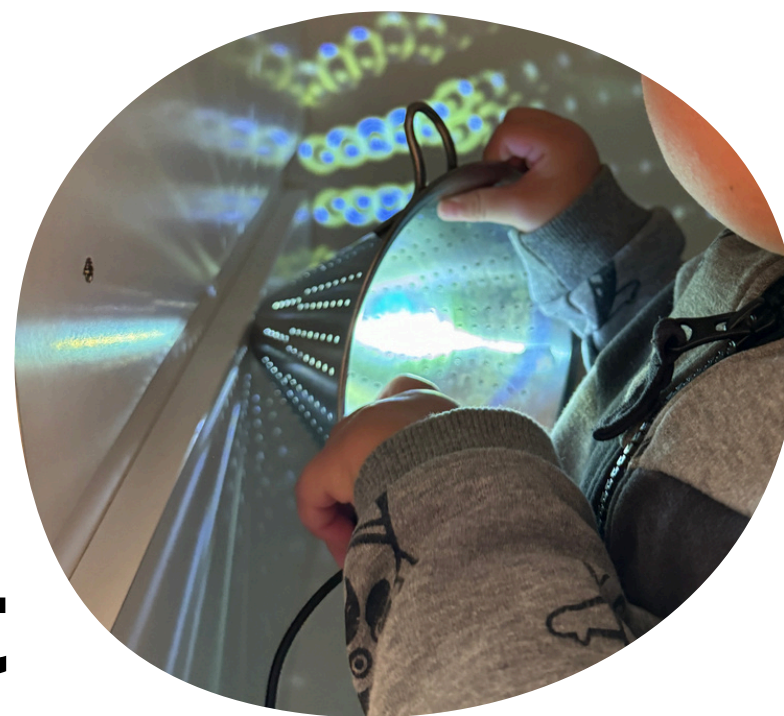

AL 0-3?

A group of children and an adult are gathered around a light table. The table is illuminated from below, creating a bright, glowing surface. A large, circular, glowing object is visible on the table. One child is pointing at the object with a red stick. Another child is pointing with a yellow stick. An adult, wearing glasses and a face mask, is also looking at the object. The scene is dimly lit, with the primary light source being the table itself.

**Interessos iniciais:
Cal seguir-los o no toca?**

A photograph showing three young children from behind, interacting with a large, vibrant digital projection on a wall. The projection features large, glowing orange and yellow circular shapes, resembling the sun or planets. The children's shadows are cast onto the projection. The child on the left is wearing a green patterned shirt and dark pants. The child in the middle is wearing a dark blue shirt and striped pants. The child on the right is wearing a light-colored shirt and green pants. The overall atmosphere is warm and interactive.

Tecnològic i digital és el mateix?

**La tecnologia forma part
del quotidià**

A photograph showing three children interacting with a light table. The table is illuminated from below, casting a bright glow. On the table's surface are various colorful, translucent objects and drawings, including a complex mechanical diagram with gears and a syringe. Two children's hands are visible, touching the objects. A third child's face is visible in the upper left, looking down at the table. The scene is dimly lit, with the primary light source being the table itself.

**La tecnologia desperta preguntes
i investigacions**

Acostar-los a la tecnologia
és acostar-los al món

La possibilitat d'escollir

Cura estètica: contingut i dret

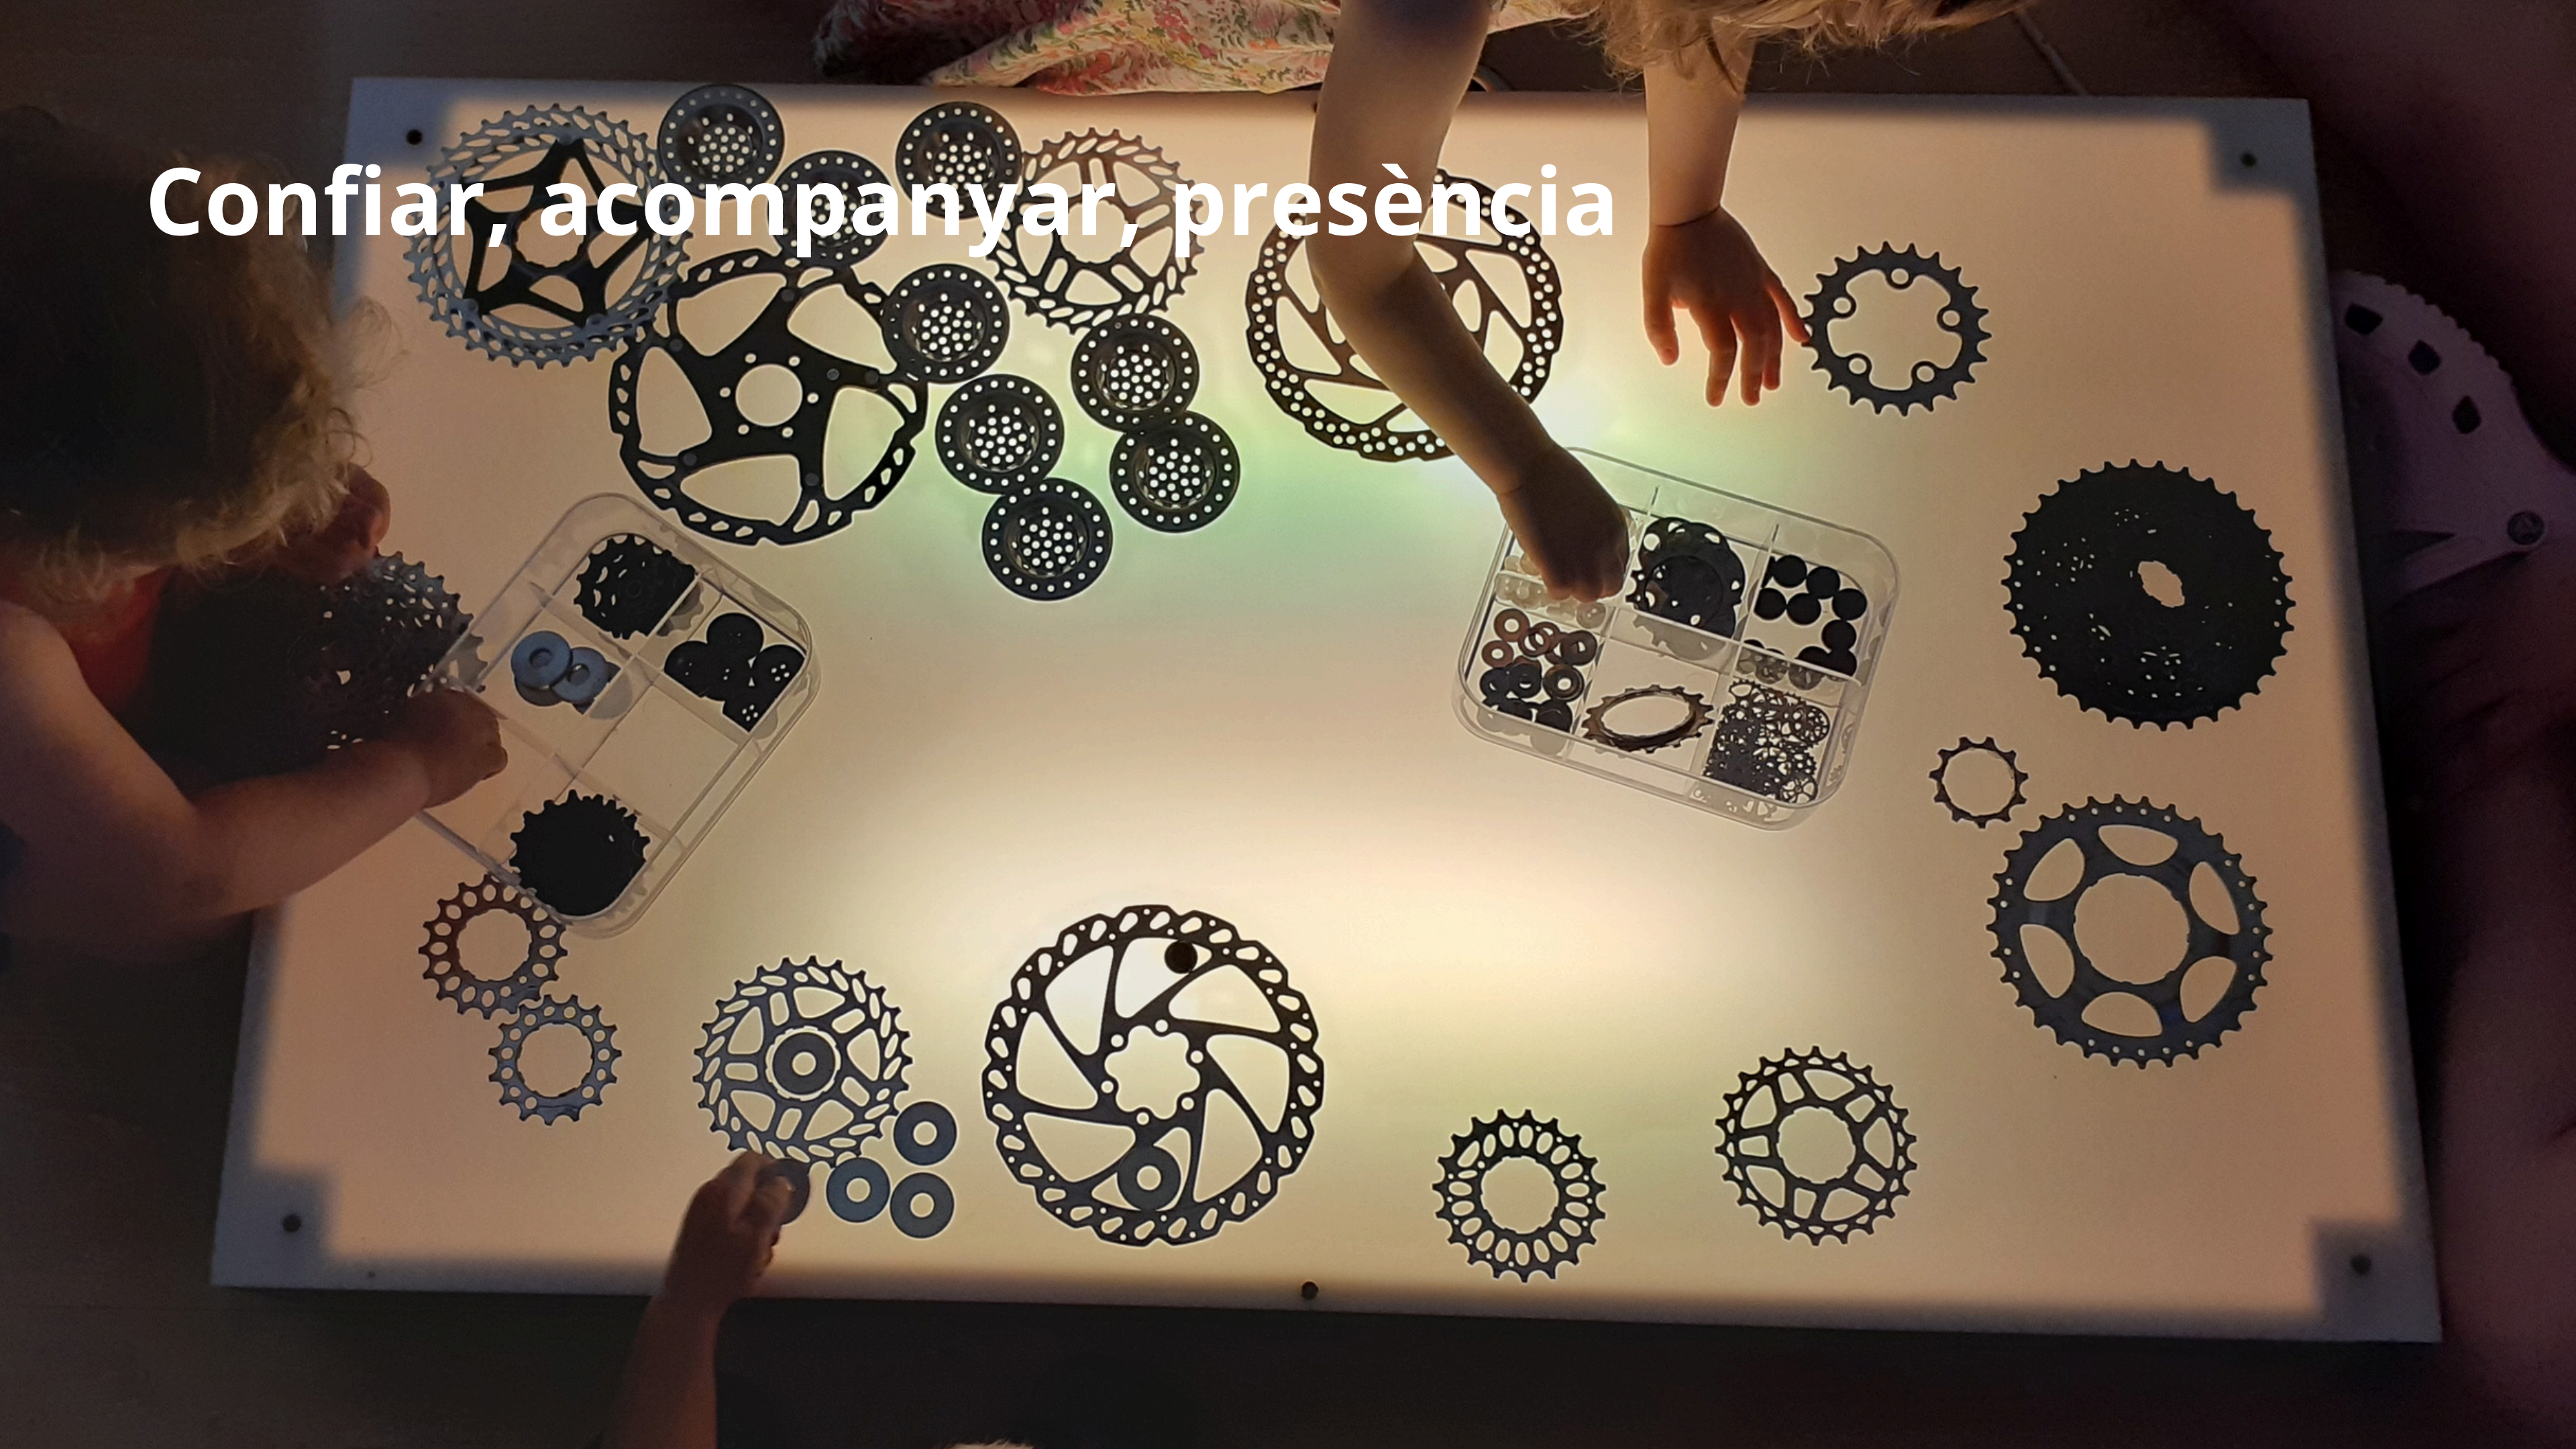

A photograph of various computer hardware components arranged on a white surface. On the left is an open black computer case showing internal drive bays. In the center is a silver power supply unit with a red circular logo. To its right is a silver 3.5-inch hard drive with a white label. In the foreground, two black square fans are visible. A small, open cardboard box with a scalloped edge is filled with numerous screws of different sizes and colors (red, silver, black). The scene is dramatically lit from the right, creating strong highlights and shadows. The text 'Descobrir objectes i eines' is overlaid in the bottom left corner.

Documentació

“Educar en la sorpresa és reconèixer que els nostres nens tenen una naturalesa pròpia a la qual hem de ser sensibles, atents. El nen és el protagonista de la seva educació [...]. El nen descobreix a través de la sorpresa i és aquesta sorpresa la que el fa desitjar el coneixement, la que el motiva per actuar”. (Catherine L'Ecuyer, 2013)
